

# TIPS FROM FELLOW STUDENTS

EXAM SUCCESS

We asked your fellow students what helps them to revise for their exams. Here's what they said.

1

## PACE YOURSELF

Try not to revise everything at once. Give your mind time to take in what it is you are revising.

2

## SET GOALS

Whether you set yourself a time goal or an amount of work to complete, it is important to challenge yourself.

7

## TEST YOURSELF

By testing yourself with questions, you are making sure you fully understand what it is you are revising.

8

## NO DISTRACTIONS

Revise in a quiet place where there is nothing to distract you.

3

## ORGANISE WORKLOADS

Organise your time properly by creating a timetable of subjects to revise. Don't forget to include suitable breaks.

4

## NO LATE NIGHTS

Don't start revision late at night. Make sure you have a good sleep of between 7-9 hours every night, helping you to have a relaxed and well-rested mind and body.

9

## REWARD SYSTEM

Reward yourself after revision to keep you motivated.

10

## CREATE A HOMEWORK CORNER

Set up a comfortable place at home where you can relax and revise at the same time.

5

## USE SUMMARY PODS

For short bursts of revision, the Summary Pods are a great way to help you remember the key pieces of information.

6

## LISTEN TO MUSIC

Calming music can help you to de-stress or focus when you're stressed.

11

## USE COLOURS

Highlight key points which you need to stand out during revision.

12

## DON'T LEAVE IT UNTIL THE LAST MINUTE

Leaving revision until the last minute will add unnecessary stress to your workload. Start sooner rather than later.
