

Student Instructions: How to Use GCSEPod's Past Paper Playlists

You will need:

- The feedback from your teacher on your mock/trial exam including which questions you got wrong
- Your GCSEPod login details
- A link to the correct past exam playlist on the GCSEPod website - visit www.gcsepod.com/pastpapers

Finding the GCSEPods to fill your knowledge gaps and creating a personalised playlist

Follow the steps below:

- Visit www.gcsepod.com/pastpapers
- Click the exam name to visit the GCSEPod playlist
- Identify the questions that you struggled with based on the feedback from your teacher
- Click the 'Exam Paper to Pod Guide' as shown in the screenshot below

Click below to view the Exam Paper to Pod Guide. This guide shows which Pods are relevant to each exam question so that you can quickly find the Pods which will help fill your specific knowledge gaps.

EXAM PAPER TO POD GUIDE

Number
Maths (Full Course): 1 title (2 Pods)

Decimals 2 Pods

- ▶ Adding & Subtracting Decimals 00:02:44
- ▶ Multiplying Decimals 00:03:24

Algebra
Maths (Full Course): 6 titles (11 Pods)

Ratio, proportion and rates of change
Maths (Full Course): 1 title (1 Pod)

Geometry & Measures
Maths (Full Course): 4 titles (6 Pods)

Author: Charlotte Young
Narrator: Arabella Arnott and Gareth Williams

- Use the guide to find the questions you struggled with. Beside each question it will tell you which Pod within the playlist you need to watch to fill that knowledge gap.

EDEXCEL IGCSE MATHS JUNE 2018 4MB1/02	
Question	Pod
1a	Ratio, proportion & rates of change / Ratio / Sharing in a given ratio
1b	Number / Decimals / Multiplying decimals
1b	Number / Decimals / Adding & subtracting decimals
2	Geometry & measures / Trigonometry / Pythagoras' theorem

- Once you've found the Pods that you need to watch, click the star icon next to each Pod as shown below. This will add it to your favourites playlist so that you can easily access them again in the future to revise.

EXAM PAPER TO POD GUIDE

Number	Maths (Full Course): 1 title (2 Pods)	—
Decimals	2 Pods	—
▶ Adding & Subtracting Decimals	00:02:44	★
▶ Multiplying Decimals	00:03:24	★
Algebra	Maths (Full Course): 6 titles (11 Pods)	+
Ratio, proportion and rates of change	Maths (Full Course): 1 title (1 Pod)	+

- You can revisit all your favoured Pods from your GCSEPod homepage as shown in the screenshot below.

Take Your Revision Organisation Even Further

You may decide that you want to have separate playlists for your Red, Amber and Green topics. This will help you prioritise what to watch first and what to spend the most time on.

To create these playlists simply:

- Login to GCSEPod
- Click 'Playlists' in the top menu
- Click 'Create a playlist'
- Give your playlist a name including the colour [e.g. "Amber Playlist"]
- Select the Pods to add to your playlist. If you are not sure which Pods to add, go back to the wave exam playlist which you can find here: www.gcsepod.com/pastpapers
- Click the 'Exam Paper to Pod Guide'
- Once you've added the Pods to your playlist, click 'Save'

We would recommend you start by working through your Red topics. But, don't ignore your Amber or Green topics as you need to maintain your progress in these areas too.
