

## Step 1 – Whitelist URLs

Most schools use filters to stop students from accessing inappropriate websites. These filters can stop our website from working so please ask your Network Manager to add these URLs to your school exemption/white list. Please note that the asterisks are important as they ensure that all subdomains of the site are not blocked. **Important Note: If you use Netsweeper in school you will need to add additional URLs. Please call me on 0191 338 7830 for more details.**

- \*gcsepod.com
- \*.brightcove.com
- \*.sharethis.com
- \*.analytics.edgekey.net
- \*.cloudfront.net
- \*.jquery.com
- \*.newrelic.com
- \*.google-analytics.com
- \*.googleapis.com
- \*.akamaihd.net
- \*.akafms.net
- \*.llnwd.net
- \*.llnw.net
- \*.brightcove.net
- \*.brightcovecdn.com
- \*.akamaitechnologies.com
- vjs.zencdn.net

## Step 2 - Add @gcsepod.com to list of safe emails

Please ask your Network Manager to allow emails from **@gcsepod.com** to reach school email accounts. This allows us to send activation, password reset emails etc.
