

Independent Remote Learning Tasks

Use these tips to help incorporate GCSEPod into your online classes

Pod to Poster

Summarise a Pod and display the information on an A4 poster

Send a photo of the poster to the teacher

1

Pod Passwords

Note down 10 key words whilst watching a Pod and then write down full definitions of each key word

Can you display this as a presentation?

2

Flash-Pod

Create a set of revision flash cards based on a Pod or a set of Pods

Can you add colours and images to help you to remember key information?

3

Probe a Pod

Design 10 questions relating to the Pod

You must also include solutions or model answers to the questions

4

Create-a-Pod

Watch a Pod based on learning from last month to develop retrieval practise skills

Answer questions set as an assignment for this Pod

5

Mind-map Pod

Display the information in a Pod or a set of Pods on a mind map

Can you link any areas together?

Use colours and images to help you to remember key information

6

Pod Priorities

List 10 key points from a Pod

Order these points numerically from 10 (least important) to 1 (most important)

Can you justify your ordering?

7

Pod Practice

Design a set of questions relating to the Pod which are categorised in 3 difficulty levels

Can you explain why the questions differ in difficulty?

8

Pod Problems

What are the common misconceptions / common errors that students can make with this topic?

Can you give examples of these?

How do you know that these are incorrect?

9

Pod Poll

Make a set of 'True or False' questions relating to the Pod

Can you make this into a presentation?

Can you justify how you know that they are true or false?

10

Pod Progress

Write down 3 things that you need to know more about to move your learning to the next level

Can you write down where you are going to find this information, and then use your independent skills to research?

11

Pod to Puzzle

Create a task-sheet to go with this Pod. You could include a range different tasks, puzzles or games

Can you also include a mark scheme to go with your task?

12

Word Search

List the keywords from the Pod then use an online tool to create a keyword wordsearch!

13

Post Pod

You've finished a Pod. Write a plan detailing what happens next!

- What topics may follow?
- What happens next in the plot?
- What learning comes next?
- Can you list any questions that you have?

14

The 5 Ws

Who?
What?
When?
Where?
Why?

Can you use the Ws to summarise the Pod?

15

Prior to Pod

Can you list the skills or prior knowledge that are needed in order to fully understand the content of the Pod?

Can you identify any areas that you need to work on to help you to progress your learning in this area?

16

Primary Pod

Write a VERY simplified version of a Pod to give to someone in primary school

Can you think specifically about using very simple language in your explanations?

17

Pod to Paragraph

Can you summarise the Pod into 100 words?

Decide which words are integral to your explanation and include key formulae, quotes and symbols if needed

18
